

PC R5 3F – Pump Center (with pump inside) with 3 Functions

Article #	720503
Pressure water	20 bar over inlet pressure
Max. temperature, inlet water	70°C
Max. temperature for foaming	50°C
Air pressure required	150 litre at 6 bar / 90 psi pr. min
Water inlet	3/4" hose
Operation pressure	4-6 bar / 50-60 psi
Length of discharge hose	35 meter
Type of discharge hose	up to 35 meter, accessory
Quick couplings	1/2" Standard, included
Flush nozzle	individual, accessories
Foam nozzle	individual, accessories
Desinfection nozzle	individual, accessories
Product concentration	1-8%, dep. On viscosity
Water pump	5,5 kW, 10-100 l/min, 20 bar
Type of water pump	Vertical, stainless steel
Power supply	3 x 400 V +0 +E
Protection electricity supply	16Amp. (Recommended)
Motor	5,5 kW
Size of unit	1700 x 600 x 350

Optional with hose reel
